Additional Experience

AUSTIN PUBLIC LIBRARY   Austin, TX
Media Selector/ Sight & Sound Curator   (Sept. 2014- Mar 2020)
Responsibilities: Lead Electric Lady Bird streaming music project. Selected Adult Media for 22 branch locations. Created and monitored Excel budget tracking spreadsheets for multi-million-dollar material budget. Monitored collections using Collection HQ. Trained staff in the use of Collection HQ. Assisted with setup of electronic vendor records, adding fund and hold codes in electronic ordering systems.

ST. CLAIR COUNTY LIBRARY   Port Huron, MI
Main Library Coordinator / Marketing Coordinator
Responsibilities: Supervised and hired for all departments of the Main Library. Coordinated system-wide policies and budgets as part of the administrative team. Maintained schedules and records for library personnel. Served on library technology committee, collaborated with County IT for website revamp. Assigned Main Library materials budgets. Responsible for implementation and development of Overdrive eBook collection. Lead implementation of electronic scheduling / payroll system. Developed marketing materials using Adobe Creative Suite. Lead library's initial moves into Social Media.

Branch Coordinator   Port Huron, MI
Responsibilities: Coordinated the operation of 10 branch libraries across St Clair County. Oversight of system-wide policies, and procedures. Maintained scheduling, payroll and hiring for 10 branches (approximately 60 employees). Monitored branch material budgets. Served on technology committee.

Adult Services Coordinator   Port Huron, MI
Responsibilities: Coordinated and supervised the operations of all divisions within the Adult Services Department of the Main Library(Port Huron). System-wide policy setting and budgeting as part of the administrative team. Served on library technology committee. Maintained schedule for Main Library.

Technical Services / Web Specialist   Port Huron, MI
Responsibilities: Designed, created, and maintained the library's website. Troubleshooter for website and database problems. Ran system backups on Unix server. Original and copy cataloging using MARC metadata protocols for centralized library system catalog. Made online databases available from the library's web page, acted as primary liaison with database vendors. Assisted with conversion from Dynix

terminal ILS to Horizon GUI ILS. Worked regular shifts at reference information desk providing computer assistance, as well as general information services. Served on library technology committee. Customized Horizon electronic card catalog. Conducted authority file cleanup of database.

Projects

Google Books | https://github.com/drkittendorf/21_google_books | https://dales-google-books-app.herokuapp.com

- Bootcamp assignment: project to search and save selected titles from Google Books API
- Solo project, beyond project requirements additional functionality to save title(s) not found in Google to a separate list.
- HTML, CSS, JavaScript, MongoDB, Express, React, Node, Heroku

Workday Scheduler | https://github.com/drkittendorf/05-work-day-scheduler | https://drkittendorf.github.io/05-work-day-scheduler

- Bootcamp assignment: Schedule that saves daily items to local storage, color delineation for future, current and past timeframes.
- Solo project, beyond project requirements, added dynamic generation of time slots based on times in an array, so it could be easily expanded to fit whatever extended timeframe is desired.
- HTML, CSS, JavaScript, jQuery, moment.js, GitHub

Space Portal | https://github.com/drkittendorf/totallyNotTheDarkSide | https://drkittendorf.github.io/totallyNotTheDarkSide

- Bootcamp Group project, creating a source for news and images related to space travel. Updates image automatically on daily basis; Connects to 6 different Third Party APIs.
- Ideated original project concept, worked primarily on back end setting up APIs.
- HTML, CSS, Materialize, jQuery, AJAX, API calls, GitHub
